

MAKE A DIFFERENCE

The California School Health Centers Association (CSHC) promotes the health and academic success of children and youth by increasing access to health care through school health centers.

By becoming a member of the CSHC, you help us realize our goal of making school health centers an integral part of the health care *and* educational systems. Your support will:

- Strengthen our voice in Sacramento and Washington, D.C. for children and youth.
- Provide assistance to communities seeking to start a school health center.
- Help expand and sustain existing school health centers.
- Build hope and opportunity for all students.

"I can get help any time I need it without leaving school. Plus they have great staff that works in a team to keep students healthy and aware."

— Student

Putting health care where kids are ... in school!

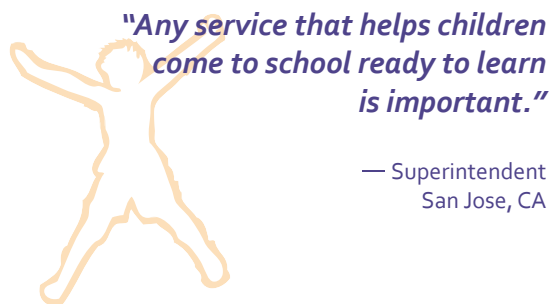

WHAT WE DO

- **Advocate** for public policies that support school health centers.
- **Build** support among policymakers, educators, community leaders, parents and students.
- **Provide** technical support to new and existing school health centers in order to empower the centers to do their work.

WHY WE DO IT

- **For Healthy Children.** Too many children come to school everyday suffering from conditions that seriously impact their ability to learn and succeed.
- **For Successful Students.** Healthy students miss fewer classes, are less likely to drop out and have a better chance of success.
- **For Equity and Access.** School health centers offer services in a place that is familiar, trusted, and convenient for all students and families - in school.

"Any service that helps children come to school ready to learn is important."

— Superintendent
San Jose, CA

WHAT WE'VE DONE

- **Passed** two bills in California that create a state program for school health centers.
- **Worked** with the governor to develop his vision for opening 500 new school health centers in California.
- **Generated** increased funding for school health centers through government and private sources.
- **Developed** specialized resources for starting school health centers, billing third parties and establishing prevention programs.
- **Established** a state-wide youth board to advocate for the health needs of students and help schools develop programs to engage their youth.

CSHC Membership Form

Membership year begins Sept. 1.
CSHC is a 501(c)(3) and all membership fees and other donations are tax-deductible to the full extent of the law.
