A day of ideas & solutions for improving student mental health in your district

Advancing Equity in Education & Health Care

Friday, May 1

Bahia Resort, San Diego

Attention all superintendents and school district pupil support services administrators!

You are invited to attend a special session on **Friday, May 1**, about promising practices to improve school climate with specific guidance on building support for mental health services into your Local Control Accountability Plan.

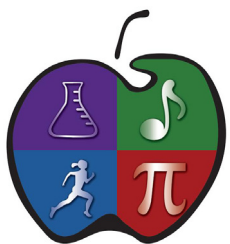

\$200 value - registration fees generously provided for a limited number of participants to attend this special session *and* the statewide school health conference.

Friday, May 1 10:00-1:00 pm Learn from school districts with innovative student mental health programs and join a collaborative, interactive working session on how you can bring mental health services to your district.

Lunch is included. After the session, you are invited to attend the afternoon workshops at the California School-Based Health Alliance's statewide school health conference - *Advancing Equity in Education & Health Care*.

Thursday, April 30 2:00-5:00 pm **Opt for a half-day tour** of a school-based health center or a workshop on helping schools create trauma-informed classrooms.

Complimentary registration to attend both the special session and conference through the generous support of:

CALIFORNIANS DEDICATED TO EDUCATION

Space is limited!
