

What Now for School Health?

State and Federal Policy Update

Monday, February 6

Welcome & Introductions

- **Lisa Eisenberg**, Policy Director
- **Lourdes Bernal**, Communications Program Assistant

Question 1: How is your community (i.e. SBHC patients, school district, neighborhood) feeling with the start of the new administration and Congress?

- a) Optimistic. This will be a good thing for us.
- b) Confused. It's unclear what will happen and how it will impact us.
- c) Anxious. Many of the policies could hurt our communities.
- d) Angry and terrified. We are already seeing a big, negative impact on our students and families.

Question 2: What is your biggest question or concern?

- a) Cuts to the Affordable Care Act.
- b) Changes to other healthcare programs (i.e. Medicaid, reproductive health, Medi-Cal expansion for undocumented children).
- c) Changes to federal education funding and priorities.
- d) Support for undocumented and/or immigrant students.
- e) Other (please type into Q&A box)
- f) Not really concerned.

Agenda

Healthcare

Affordable Care Act

- Repeal
- Replace

Others

- Medicaid block grants
- Reproductive Health
 - CHIP
- FQHC grants

Education

Every Student Succeeds Act (ESSA)

Immigration

Deferred Action for Childhood Arrivals (DACA)

Health4All Kids

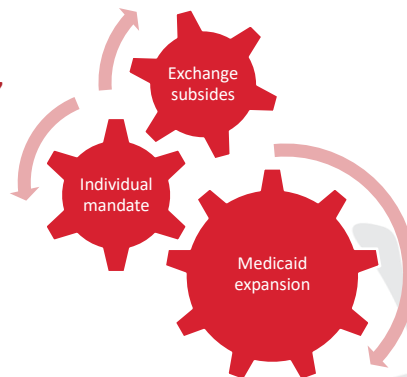

Affordable Care Act

REPEAL

Through a “Budget Reconciliation”

= Things that cost money

Simple majority to pass (51 votes)

→ This would result in a significant loss of federal dollars to CA (\$20 billion)

→ Partial repeal would triple uninsured rate for CA kids (from 2.8% to 10.1 %; Urban Institute)

Affordable Care Act

REPLACE

Requires bipartisan support (needs 60 votes in Senate to bypass a filibuster)

Other Potential Changes to Healthcare

Medicaid Block Grants/Per Capita Caps

- Risk to Medi-Cal: CA may not receive sufficient resources to maintain program as it is today
- FamilyPACT, School Medicaid billing, CHDP screenings?

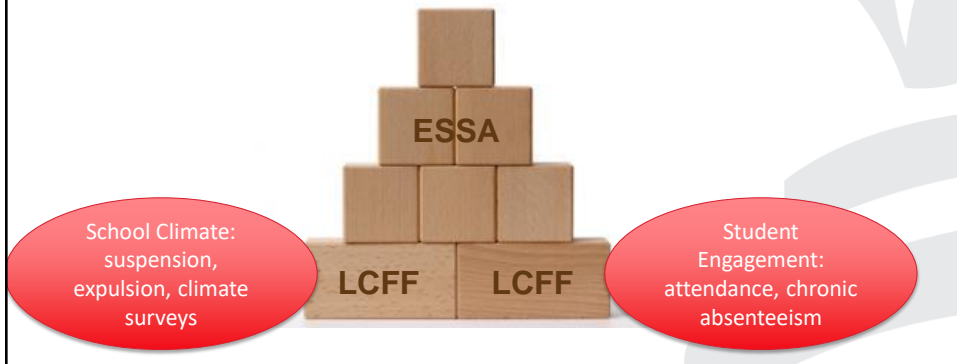

Reproductive Health: FamilyPACT, Title X

Reauthorization of CHIP & FQHC/330 grants (Sept 2017)

Education

Every Student Succeeds Act (ESSA)

- Bipartisan replacement for No Child Left Behind
- Already includes a lot of state flexibility: states must create their state plans to the federal government
- California plans to submit plan: September 2017

Deferred Action for Childhood Arrivals

DACA has allowed over 740,000 young people a reprieve from deportation and a renewable work permit.

Thanks to DACA, thousands of young people have been able to access higher education and acquire higher paying jobs and affordable healthcare (Medi-Cal).

**We build too many walls
& not enough bridges.**

#HereToStay ^{too}

@undocumedia

5 Important Things To Know About DACA

1. DACA still stands.
2. First time applying for DACA? Hold off.
3. Applying for a DACA renewal? Move forward.
4. Got advance parole? Hold off.
5. You are not alone.

Resources & Support for SBHCs

"TOGETHER, WE CAN REMEMBER WHAT MAKES OUR NATION GREAT: OUR SHARED VALUES OF FREEDOM, DEMOCRACY AND JUSTICE. TOGETHER, WE CAN BE THE CHANGE OUR NATION MUST SEE."
 - DR. ROBERT K. ROSS, PRESIDENT AND CEO OF THE CALIFORNIA ENDOWMENT

#WETLIND

health equity

- Share with your students why we must stand together and for each other.
- Have a discussion on how to love and protect each other within the spaces shared.
- Consider having community agreements on display.
- Provide space of healing.
- Facilitate a time where students can share what is their biggest fear, their biggest hope, what is their commitment to each other.

What Do We Mean by #HereToStay?

Immigrant youth and families carried on the #HereToStay banner as a rallying cry of survival, a cry against the hate in the campaign. This is our home and we refuse to be pushed out.

The spirit of #HearToStay is one of power, community, resilience, resistance.

Health4All Kids

Medi-Cal enrollment is year round.

Eligible individuals under 19 can enroll in full-scope Medi-Cal benefits.

Young adults over 19 can apply for full-scope Medi-Cal through DACA.

"Of all the forms of inequality, injustice in health care is the most shocking and inhumane." Martin Luther Kind Jr.
