

Sexual Health Educator (SHE) Training Program

Provided by the California Department of Public Health STD Control Branch and partner agencies

The SHE Training Program is a capacity-building opportunity for California educators working with youth in school, community, and clinical settings who desire to build their sexual health knowledge and education skills.

Participants who complete all six required modules and at least five elective modules will receive a SHE Training Program Certificate of Completion.

Required Modules Include:

- STD/HIV Review: Workshop for Educators Who Work With Youth
- California Healthy Youth Act
- Minor Consent and Confidentiality for Sexual Health Services in CA
- STD Data: U.S. and California
- Contraceptive Methods
- The Respect Online Course

Elective Modules:

Elective modules cover a range of topics related to comprehensive sexual health education. Five elective modules are required.
