500 SBHCs by 2030

Of new SBHCs...

SCHOOL-BASED HEALTH CENTERS

Deliver primary medical care plus other services

Are located on or near a school campus

Serve students and sometimes siblings, family members, and the community

Promote school-wide health

Services Provided by SBHCs

School Levels Served

Multiple grade levels served 5%

Who Operates SBHCs

83% of SBHCs serve broader community

17% of SBHCs serve students only

School-Based Health Centers Are a Proven Approach to Health & Education Equity

EASY & SAFE ACCESS

Meet students
where they are—
in school

INTEGRATED HEALTH CARE

Coordination between
school and community
health care providers

WHOLE CHILD APPROACH

Physical + Mental
+ Social Emotional
Health

El Cerrito High School

STUDENT HEALTH INDEX

The **first statewide comprehensive analysis** to identify the counties, districts, and schools where new SBHCs will have the greatest return on investment for improving **student health and education equity**.

Goal for the Student Health Index

293
SBHCs

Number of
active SBHCs
in California

10,000+
Schools

Number of
Schools in
California

Need more
SBHCs?

Identify
opportunities to
improve access to
care at schools

Creating the Index

Identify Indicators

Publicly Available
Relevant (to benefits/outcomes of SBHCs)
Non Duplicative
Geographically Specific

Inclusion Criteria

Rural schools with enrollment >500 students
Urban non-high schools with enrollment >500
Urban high schools with enrollment >1000

Calculate Need Score

Quartiles to assign scores of 1-4 for each indicator
Double-weighted school-level indicators
Combines the scores into a composite Need Score

Data Included

Census Tract

Health and Health Care Indicators

Diabetes
Asthma ED admissions
Teen birth
Health Professional
Shortage Areas

Socioeconomic Indicators

Poverty among < 18
Uninsured among < 19
Healthy Places Index

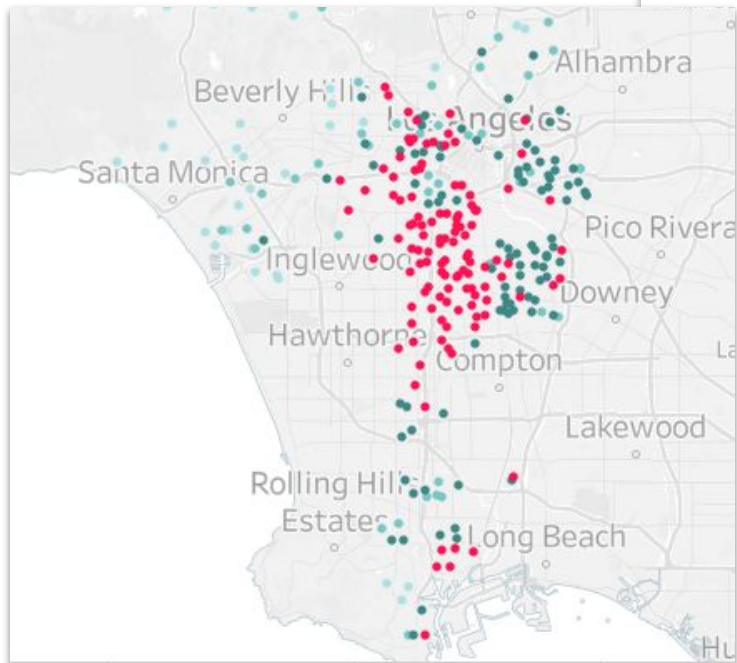

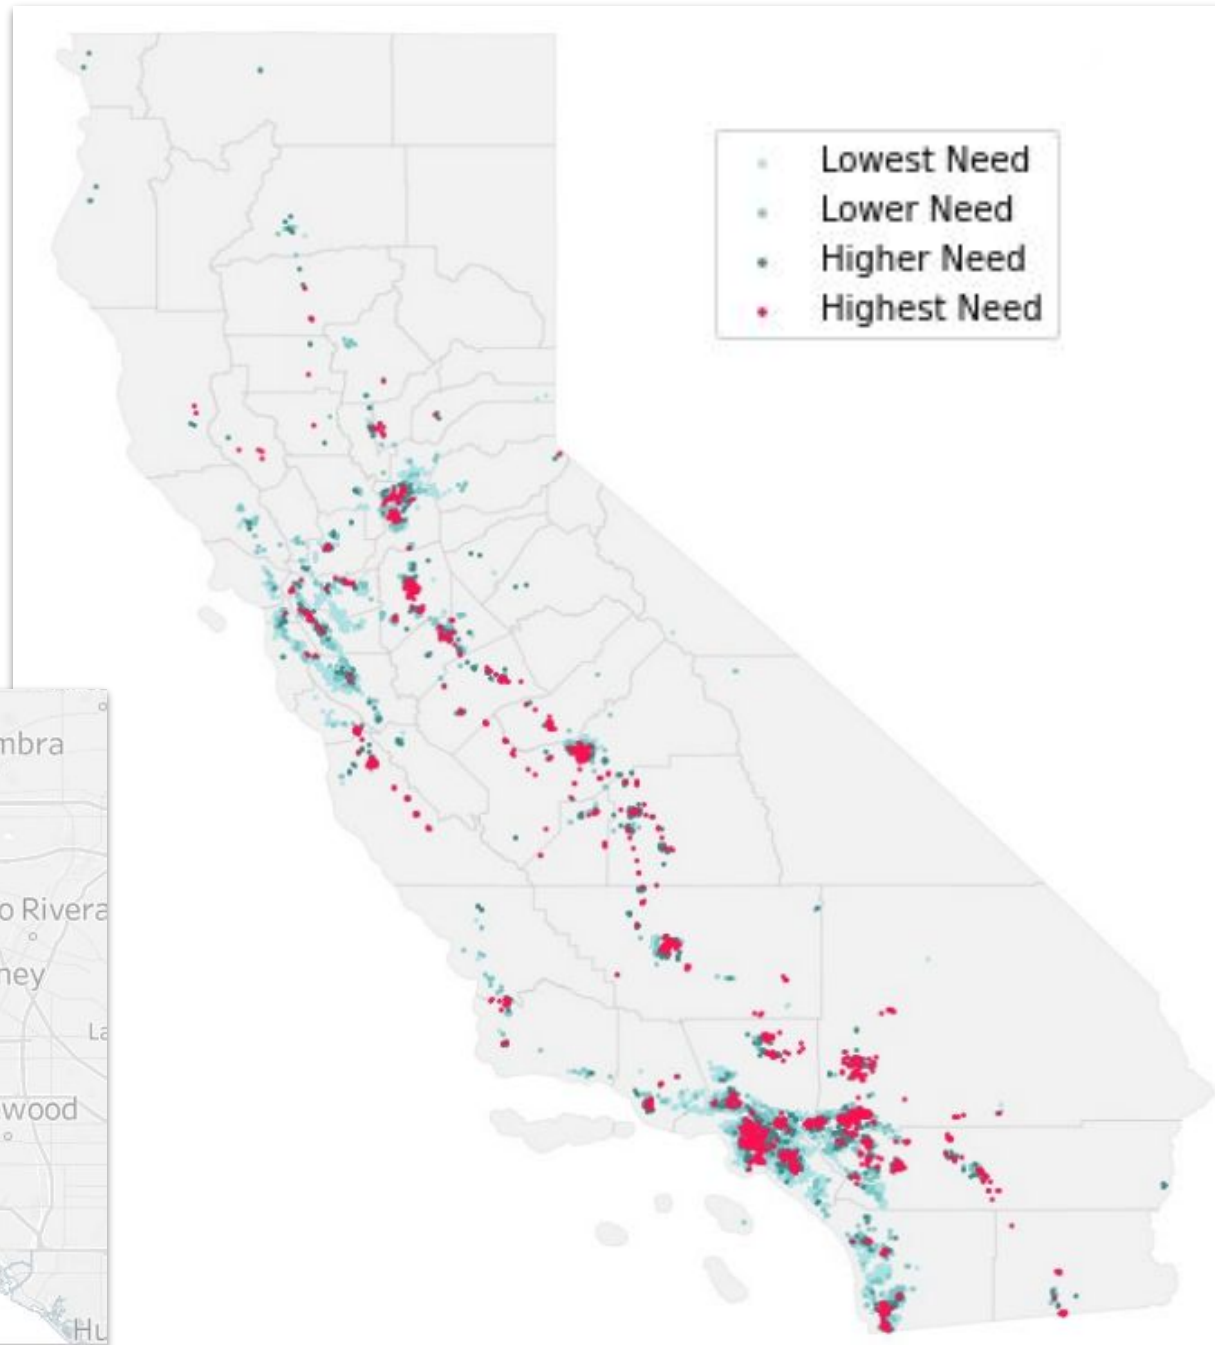

School-Level

School Indicators

Percent FRPL
Percent English
Learners
Percent Chronically
Absent
Percent homeless
Suspension rate

FINDINGS

The Student Health Index shows where to invest in SBHCs for the greatest impact on student health and learning.

There are counties and districts with significant levels of unmet need.

Highest need schools are concentrated, especially in the Central Valley and Inland Empire.

San Bernardino has **three** of the top ten school districts with the highest ratio of high need schools to total schools. Central Valley has **three**.

Rank	County	District	Number of Schools	Number of Highest Need Schools	Ratio
1	Los Angeles	Lynwood Unified	15	15	1.00
2	Madera	Madera Unified	20	18	0.90
3	Los Angeles	Pomona Unified	19	16	0.84
4	San Joaquin	Stockton Unified	36	30	0.83
5	San Bernardino	Rialto Unified	24	20	0.83
6	Riverside	Coachella Valley Unified	17	14	0.82
7	San Bernardino	San Bernardino City Unified	49	40	0.82
8	Fresno	Fresno Unified	71	54	0.76
9	Monterey	Salinas City Elementary	12	9	0.75
10	San Bernardino	Hesperia Unified	20	15	0.75

students eligible
for free and
reduced lunch

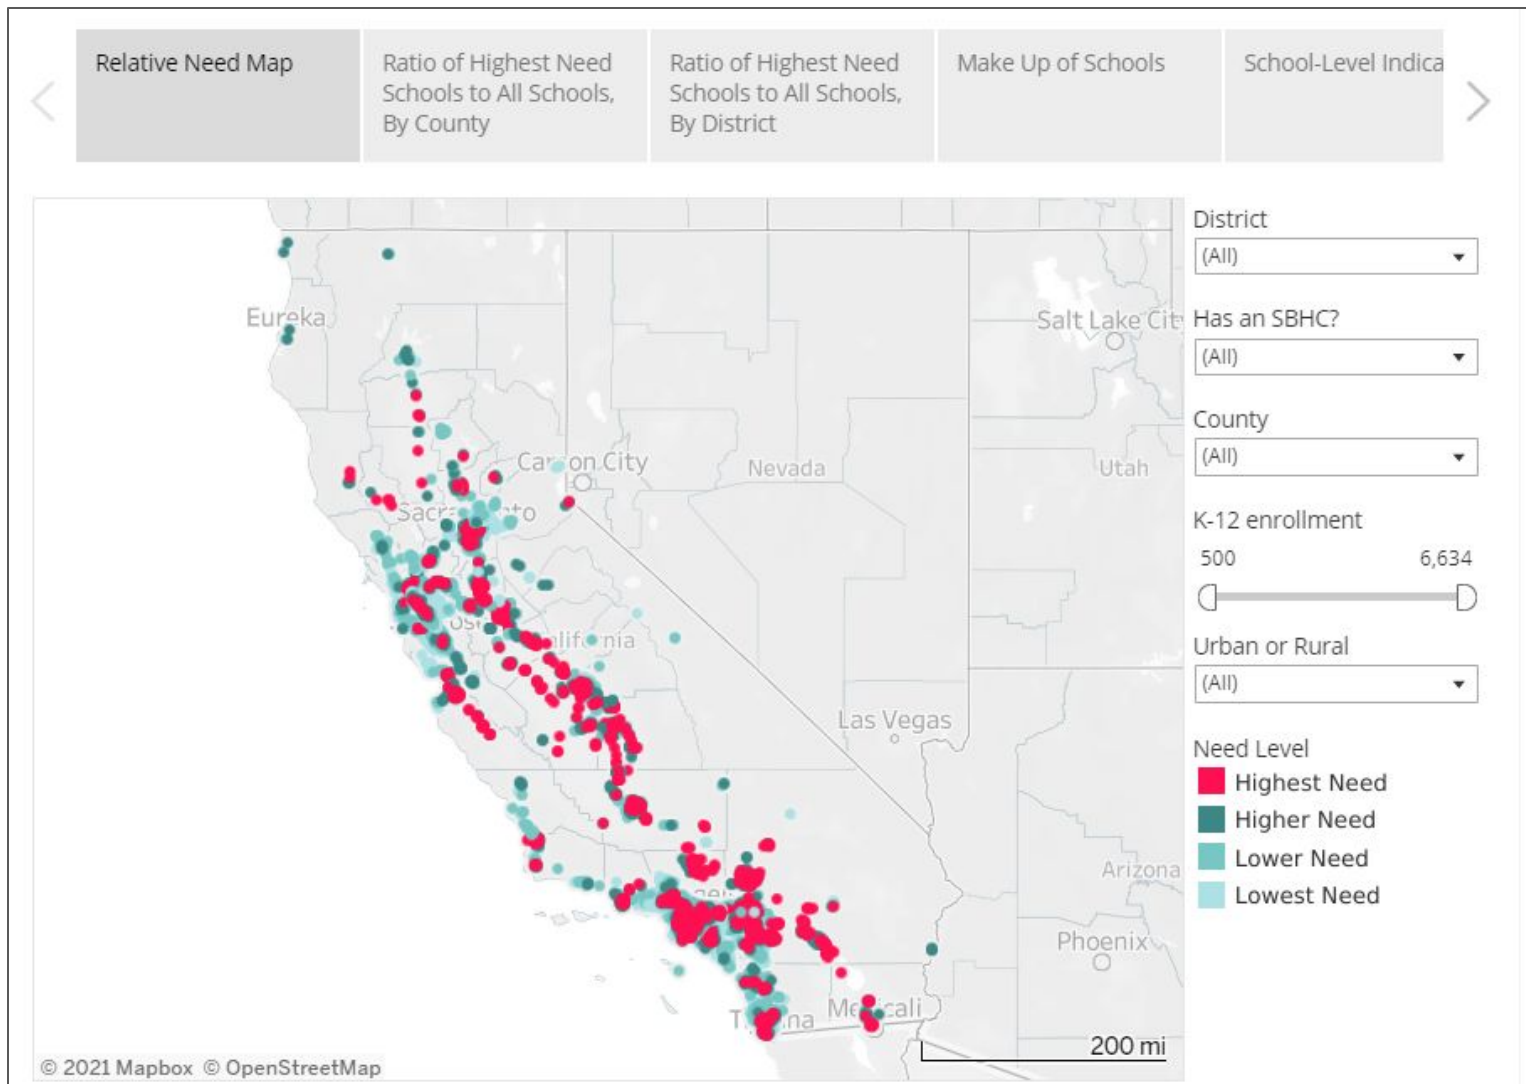

students of color

Highest need schools serve significantly more low income students and students of color than lower need schools.

Investing in SBHCs help address the health care and educational inequities that exist in CA.

Building Bridges to Healthy & Resilient Communities

Virtual Conference | November 2–4, 2021

TAKE ACTION: Next Year

Start planning your SBHC

- Form a planning committee
- Conduct a needs assessment
- Identify potential partners
- Brainstorm facility funding sources

CSHA is here for you!

Tour a SBHC in your region
(Or [watch virtual tours](#) from across the state)

Explore our resources on
funding, sustainability,
start-up, outreach and more
