Permissible Use of Funds

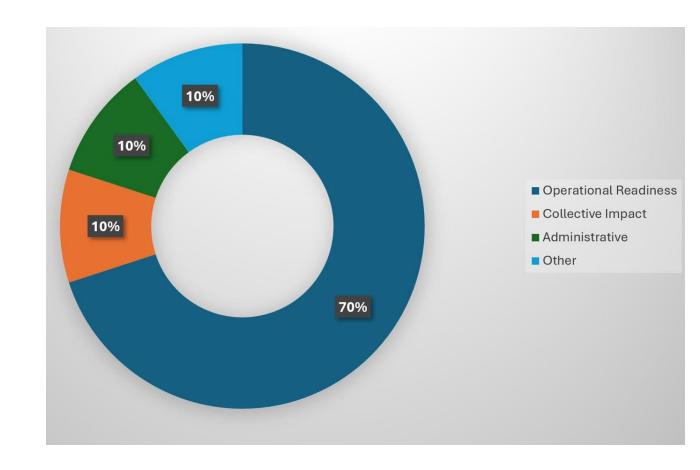

Behavioral Health Ecosystem Infrastructure

School-Linked Partnership and Capacity Grants (DHCS)

Student Behavioral Health Incentive Program (DHCS)

School-Linked Partnership and Capacity Grants

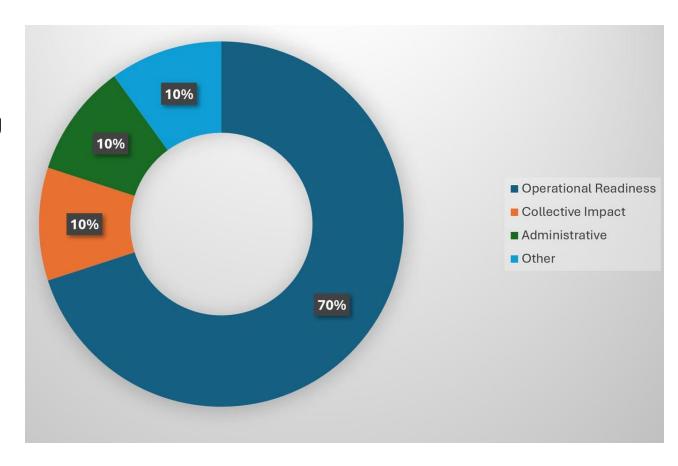

- Strengthen school-linked behavioral health services and provide California public K-12 schools.
- Support institutional readiness for the <u>statewide</u> <u>multi-payer fee schedule</u> by providing resources to schools to expand its provider capacity, develop critical partnerships, and build the necessary infrastructure.

Permissible Use of Funds

- At least 70% of each county's funding should support LEAs as they achieve operational readiness.
- Funds should address one or more of the following:
 - Medi-Cal enrollment of sites
 - Service delivery infrastructure and capacity building
 - Data collection and documentation
 - Billing infrastructure

- (EHR)
- Up to 10% of funding can be dedicated to projects that build a necessary collaborative infrastructure for coordinated systems that focus on the needs of children and families.
- Up to 10% of funding can be reserved by the COE to offset any COE administrative costs.
- Up to 10% of each county's funds can be dedicated to other expenditures that the COE deems necessary to strengthen the COE or LEA's ability to provide behavioral health services and supports to students.

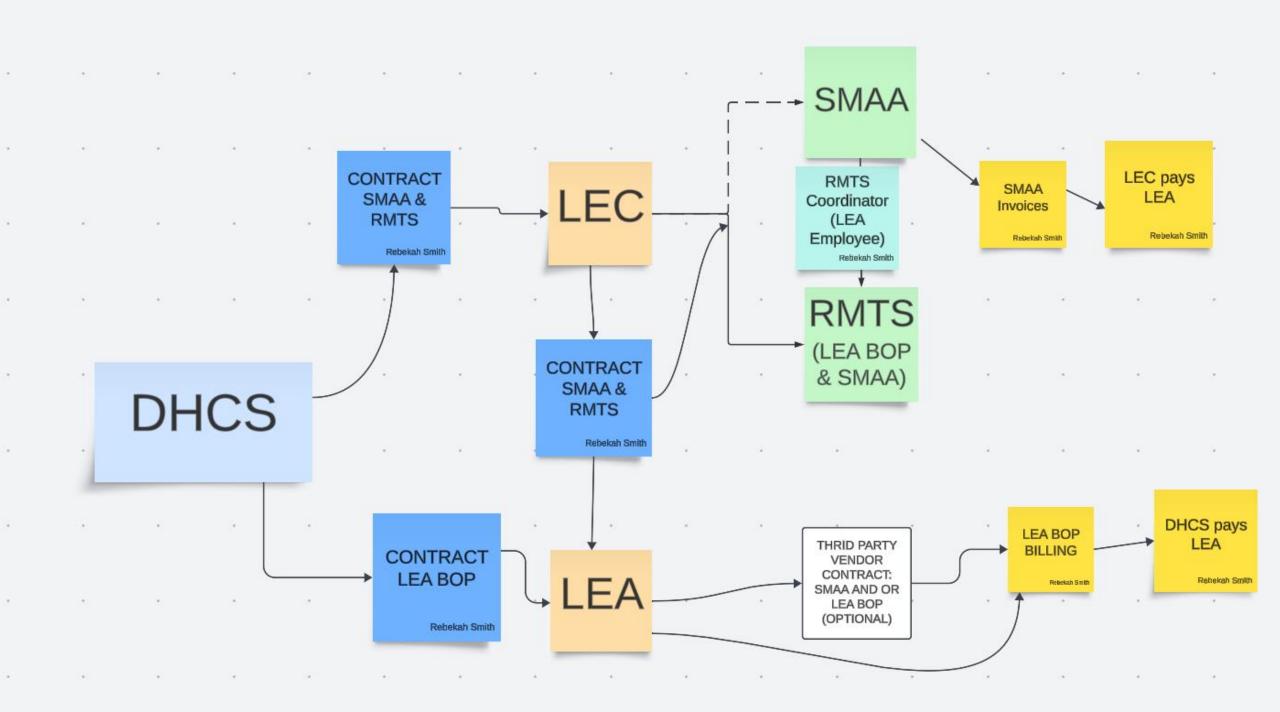

Understanding Financial Opportunities for LEAs

SMAA (School Based Medi-Cal Administrative Activities)

• LEAs can join this program to receive <u>unrestricted</u> reimbursement from DHCS for certain administrative activities related to Medi-Cal.

LEA BOP (Local Educational Agency Billing Option Program)

- LEAs can join this program to receive <u>restricted</u> reimbursement from DHCS for direct services provided to students (which includes pre and post time when the student is not present).
 - LEAs must contract with their local LEC (Local Educational Consortia) to participate in these programs.
 - LEC is responsible for training LEAs in RMTS (Random Moment Time Survey) which is required to participate in either program.
 - TSPs cannot be included if they are 100% Fully Federally Funded or paid from SACS Functions 7120, 7190, 7200-7600, 7700, 8100-8400 and 8700.

SMAA Funding

Participating in RMTS and meeting program compliance is the "only" requirement to receive reimbursement. SMAA Invoices – 4 per FY

- Medical Eligibility Rate
- Indirect Cost Rate
- Number of TSPs (Time Survey Participants AKA LEA Employees)
- Salary and Benefits of TSPs
- Billable Coded Moments
